On the agenda for 2019 are informative talks and demonstrations by our members and invited guests on topics of special interest to all wood workers, as well as visits to places of interest to woodies.

If there is a particular subject you would like more in depth information on then please mention it to a committee member and we will try to include it in a future meeting.

If you have any particular wood working tool, machinery or technique that would be of interest to other wood workers, the *Show, Tell & Ask* time at each meeting is where you can enlighten your fellow members.

The first meeting in 2019 will be on Monday 10<sup>th</sup> February.
